Leader in Technical-Environmental Communication

InduAmbiente magazine is the most important magazine specialized in environment, energy efficiency and sustainability in Chile. It's edited by Comunicaciones Tiempo Nuevo S.A., which develops high level graphics and journalistic products and services. These are, at the same time, an excellent advertising platform for whom offer environmental and sustainable solutions, as described below.

INDUAMBIENTE MAGAZINE

Printed and digital magazine that, since 1993, provides useful technical information so that the productive sectors can prevent and solve the problems of environmental pollution, as well as in the areas of energy, industrial safety and occupational health. In this context, it opens spaces for companies and organizations to highlight their solutions and progress in these areas, by publishing advertising ads and / or advertorials (see table of Values).
